

## External Credential Courses

External credential courses will acknowledge the value of student learning outside the public school system by recognizing, for high school credit, credentials obtained outside of regular school instructional time by an education service agency external to the public school system. External high school credit will be awarded for courses, programs, or assessments that have been evaluated and that match or exceed provincial high school standards. External credentials must contribute to the Essential Graduation Learnings, and must meet the standards defined in Mister's Directive MD 11-01 (<http://www.gov.pe.ca/eecd/index.php3?number=1037879>). External credentials will be reflected on the student's high school transcript, thereby enhancing the transcript for the student.

Following is a comprehensive list of all external credentials that are currently available to all Prince Edward Island high school students. New providers may be given credential status during the school year, provided they are granted approval by the External
